

Nandani Bansal

Email: bansalnandani620@gmail.com — Phone: +91-6232760963 — GitHub — LinkedIn

Professional Summary

Detail-oriented and motivated technology student with strong foundations in JavaScript, TypeScript, and Python. Experienced in developing responsive and user-friendly web applications using modern frameworks and libraries. Skilled in API integration, modular coding practices, and collaborative development. Passionate about learning and applying technical skills to build impactful software solutions.

Technical Skills

Frontend Technologies: React.js, Tailwind CSS	Backend Technologies: Node.js, Express.js
Programming Languages: JavaScript (ES6+), TypeScript, Python	API Integration: RESTful APIs
Databases (Basic): MongoDB, MySQL	DevOps & Tools: Git, GitHub, Docker

Projects

Medicode – Medicine Reminder Mobile Application [GitHub Repository](#)

- Designed and developed a medicine reminder application to help users take medicines on time and manage refill schedules.
- Built responsive and accessible UI components using React and Tailwind CSS.
- Integrated RESTful APIs to handle reminders, schedules, and user-related data.
- Implemented reusable components to improve maintainability and scalability.
- Focused on user experience through clean layouts and intuitive navigation.

Fake News Prediction Web Application [GitHub Repository](#)

- Developed a React.js web application to classify news articles as fake or real.
- Integrated a machine learning model with the frontend using REST APIs.
- Created interactive forms and real-time result displays for improved usability.
- Optimized component rendering and state handling for better performance.
- Demonstrated effective integration of frontend technologies with data-driven systems.

Education

Bachelor of Technology (B.Tech) – Information Technology

ITM University

2022 – 2026

Certifications

- Oracle Certified AI Foundation Associate
- AWS Academy Graduate – Cloud Foundations
- Infosys Springboard — Python for Data Science
